OBJECTIVE

Dedicated and compassionate Family Nurse Practitioner (FNP) graduate from Simmons University, with 3 years of diverse nursing experience. Currently awaiting authorization to take the AANP board exam in February. Eager to leverage my clinical expertise, patient-centered approach, and passion for holistic care in a dynamic healthcare setting as a Family Nurse Practitioner. Committed to delivering exceptional care and fostering strong patient-provider relationships.

WORK EXPERIENCE

IV Lounge CT/Touch of Glamour South Windsor, CT & Glastonbury, CT March 2024- Dec 2024
Registered Nurse, *Med Spa*

- Administered Dysport and dermal fillers to clients ensuring optimal patient outcomes and satisfaction
- Administered IV infusions (hydration, vitamin therapy, medications) and GLP-1 medications, following protocols, ensuring accurate dosing, patient education, and monitoring side effects.
- Performed RF Microneedling, Intense Pulsed Light (IPL) treatments, and laser hair removal procedures, ensuring high safety standards, precision, and client satisfaction.

Connecticut GI, Bloomfield, CT July 2023- Aug 2024
Registered Nurse, *Out-Patient Pre-OP/PACU*

- Conducted patient assessments before procedures, checking vitals, medical history, and allergies
- Educated patients and their families about the procedure, potential risks, and post-procedure care instruction
- Provided post-procedure care to patients, monitoring their recovery, and addressing any discomfort or issues

Hartford Hospital, Hartford, CT June 2023- Apr 2024
Registered Nurse, *Emergency Observation Unit*

- Provided high-quality care to patients with acute and chronic conditions, monitoring vital signs, and implementing evidence-based interventions to ensure stabilization
- Collaborated with an interdisciplinary team to execute individualized care plans, facilitating smooth patient transitions to inpatient units or discharge
- Accurately documented patient progress and care provided in the electronic health record (EHR), contributing to quality improvement initiatives.

Stamford Hospital, Stamford, CT Nov 2022- Feb 2023
Travel Registered Nurse, *Emergency Department*

- Collaborated with various ER professionals to ensure effective patient-centered care
- Monitored adult and pediatric patient vital signs and laboratory values and notified provider of any changes
- Educated patient and patient family members on condition and plan of care in an empathetic way

Hartford Hospital, Hartford, CT Nov 2021-Nov 2022
Registered Nurse, *Emergency Department*

- Started, monitored, and managed intravenous medication drips to stabilize heart and blood pressures
- Unfailingly provided emergency medical care to 20+ patients in critical condition per shift

- Administered IV, oral, and injections of medications accurately and efficiently, ensuring compliance with hospital protocols and patient safety standards.
