

Victoria Oliver, BSN, RN

Queens, NY | (919) 291-6563 | VictoriaOliverRN@gmail.com | linkedin.com/in/victoriaoliver/

Five years of experience in the dermatology & aesthetics field, three as a Medical Assistant and two as a practicing RN. Known for a compassionate, patient-focused approach and a strong commitment to providing exceptional, safe care.

RELEVANT WORK EXPERIENCE

Skinney Medspa

Registered Nurse

OCT 2023 – PRESENT

- Administer injectable treatments, including neuromodulators and dermal fillers on and off label, to enhance patient aesthetics while ensuring optimal results and patient safety
- Perform non-injectable procedures including Microneedling, PRP injections, Clear+Brilliant, Fraxel, CoolSculpting, EmSculpt, TruFlex, Sofwave, Thermage, and Morpheus8
- Gather comprehensive medical histories from patients and collaborate with medical team to review patient information and address any concerns that may affect treatment decisions
- Conduct comprehensive patient consultations to assess needs, provide clear explanations of procedures, and develop personalized treatment plans
- Emphasize patient safety and comfort in all procedures, applying advanced nursing skills to manage and mitigate any complications, continuously assess patient conditions, monitor treatment efficacy, and make adjustments to optimize results

Center Aesthetic & Dermatology

Registered Nurse

MAR 2023 – DEC 2023

- Conduct thorough patient interviews to obtain detailed medical histories, ensuring comprehensive understanding of health status and any potential risks
- Conducted advanced skin treatment procedures, including microneedling, PRP injections, laser, and body sculpting treatments while ensuring adherence to clinical protocols and patient safety standards
- Gained pertinent information specific to the patient's needs, understanding their concerns and goals to aptly answer both dermatological and aesthetic

LaserAway

Registered Nurse

NOV 2022 – NOV 2023

- Administered a variety of advanced treatments, including neuromodulator and dermal filler injections, radiofrequency microneedling, and laser therapies, with a focus on patient safety and adherence to clinical protocols
- Conducted thorough patient consultations to assess health history and aesthetic goals, developing personalized treatment plans that prioritize overall well-being
- Maintained accurate and detailed EMR to ensure comprehensive documentation of patient interactions, treatment outcomes, and care plans
- Committed to ongoing professional development by participating in training and staying current with best practices to enhance patient safety and treatment

Center Aesthetic & Dermatology

Medical Assistant

SEPT 2019 – AUG 2022

- Assisted medical providers during procedures such as injectables, lasers, skin assessments, biopsies, and liposuction surgeries
- Prepared patients by conducting patient medical history review, taking photos of treatment areas, and ensuring consents are signed
- Readied the treatment room for each procedure by ensuring a safe, sterile environment, prepared any products, supplies, or devices, and had the patient medical record complete in NexTech
- Called in prescriptions prescribed by the providers and educated patients regarding medications and follow up care needs
- Performed administrative duties such as managing the providers' calendars, scheduling appointments, answering phones, following up with every patient via a HIPAA compliant texting platform to ensure there are no questions or concerns, completing electronic medical records, and ordering medical supplies
