OBJECTIVE

Motivated and skilled newly licensed nurse with 10+ years of experience in the healthcare field. Possessing excellent skills in phlebotomy, IV administration, organization, and patient communication. I am dedicated to continuous learning, always seeking opportunities to expand my knowledge, gain experience, and pursue professional growth as a Registered Nurse.

WORK EXPERIENCE

Tribeca Med Aesthetics | RN, PACU (Current)

- Pre-op patients by preparing charts, assessing patient data, and initiating IV fluids prior to surgery.
- Facilitate positioning of the patient for surgery and remain present to ensure proper start times in accordance with the surgeon and other team members.
- Transfer patients to PACU, followed by immediate and frequent assessments to provide care and regulate homeostasis.
- Ensure that the patient and their family receive clear instructions and education regarding proper discharge planning.

MIA Aesthetics | Clinical Assistant (03/24-07/24)

- Successfully initiate IV infusion of fluids, ensuring patients receive proper hydration.
- Collect and record patient data meticulously to ensure accurate documentation for surgical preparation.
- Effectively communicate with surgeons, CRNAs, and patients, ensuring seamless coordination and adherence to pre-surgery requirements, resulting in smooth and timely procedures.

MASF Docs | Medical Assistant (2019-2022)

- Performed clinical and administrative tasks proficiently, contributing to smooth clinic operations.
 - Skillfully measure vital signs and collect patient history, ensuring accurate and comprehensive medical records.
 - Competently conduct EKGs, pulmonary function tests, phlebotomy, ear lavage, and injections, and assist in GYN procedures.
-
